

## Principals Message

Dear Parents,

1000dhs

I have sent a letter home with your children today asking for you to register for next year if you are an existing student. Please read this letter carefully, I will attach a copy with this newsletter.

### ADEC PARENT SURVEY

It is very important that both ADEC and Reach British School find out your opinions about our school. You should have received a SMS message this week, in case you **haven't I have attached the email from ADEC in both English and Arabic for you to follow the link.**

We have had only 4 parents complete this survey at the moment, for a school our size we should have 250 replies, please do your bit.

Thank you

Best Regards,

Robert Taylor | School Principal

## Celebrating Success

# This week in Primary...

This week in primary we have had our RWI assessment team going into classes to assess children's progress. We're hoping that mid-week next children will be put into their last classes of the year. Teachers and children have worked so hard this year on improving writing and reading and I am so pleased with the progress.

Ms Sidra has joined us as a supply teacher covering Science for grade 4 whilst Ms Margaret recovers from an operation. She will also be taking art for Key Stage One students.

Grade 1 have been working on an exciting new topic this half term - transport. Children have had fun making vehicles and learning about friction. Kg2s have filled the corridors with songs from their 'Under the Sea' theme and bright, vibrant displays.

Clubs have been pretty well attended - if you'd still like your child to partake in an activity, please ensure you let the school know by Sunday.

Please check the parent curriculum information for learning to be covered next week and please support children in completing home work.

A final note...please parents ensure children come to school in black or white shoes or trainers on PE days. Vibrant colours are for the weekends only. Please also ensure children are sent to school with water bottles now the sun is heating up.

Have a wonderful weekend.

G1F learning about coordinates

Next week, we are having inter-house football matches, these will take place at the following times;

Grade 4B1 and 5B2 - Tuesday at 9.35-10.30

Grade 6 and 7 boys ALL - Tuesday at 12.15-1.45

Grade 4B2 and 5B1 - Wednesday from 11.55-1.05.

# This week in Early Years...

This week in Early Years the children have been learning about the fire service. They have produced **some really lovely work. They have made fireman's hats, some flame hand prints and worked really hard** on a cutting and sticking activity sorting items which are hot and cold. The children have also really enjoyed P.E this week with Ms Caroline. They have learnt how to call for help in case of an emergency, how to act safely if a fire is to break out and the details they would need to pass on to the emergency services in order for them to come and help. It is been really lovely watching the children so enthusiastic about this topic.

**There is some incredible progress to be seen in the children's** mathematics skills this week. They have worked tremendously hard on learning how to subtract small numbers, it is very impressive! It has **also been noticed this week that the development of the children's English language has gone from strength to strength**, it is great to hear lots of conversations happening in English throughout the Early Years Department. Well done everyone!!

I hope you have started to see some changes in the Early Years in recent months. This term we will be looking at bringing Mums and Dads in more to help with different projects we have. The teachers have worked really hard and made a new library for the children to listen to stories. We have some lovely giant size cushions in there but they are looking quite tired and dull so we have decided that we would like to recover them in bright colourful fabric. In order to do this we are going to ask you and your children to sponsor a cushion! If you would like to do this, please speak to your child's teacher. Once we have a gauge of interest we will get a price. We do hope to be able to send them all together so that they match so please if you are able, help us to make our library a bright and welcoming place to be for the children.

**Don't** forget that it will be the Early Years show on June 2<sup>nd</sup>. The children are busy practicing their songs and we are looking forward to showing you some great performances on the day.

Have a restful weekend!
